by May 2018. And so, dear reader, keep looking here as time passes. The additions will be announced on our posadiststoday.com site every time they are made.

*In that book, **J Posadas** focuses on the need to organise a systematic and anti-imperialist Left in the Labour Party and Trade Unions. And this, in preparation for the transformation demanded by an economy that can no longer count on the bounties of empire, and must now produce to satisfy human need and human relations.*

When completed, this book will have around 220 pages. Watch this space.
